

IBM Tech Zone Quick Reference Guide

IBM Technology Zone is a single destination for building technical 'Show Me' live environments, POTs, prototypes, and MVPs to share with partners, sellers and clients so they may experience IBM Technology.

1 How to Access

Head over to

<https://techzone.ibm.com/>.

If you would like a tutorial before exploring, visit → [here](#).

IBMERS - Don't have an account? [Create an IBMid](#) Need help? [Contact the IBMid help desk](#)

BUSINESS PARTNERS - Steps to resolve and ensure proper account setup are documented [here](#).

2 Business Value

- 2,5000+ demo resources available and 550+ live environments that can be customized and shared with your clients for hands-on demos
- Videos and Documentation to demonstrate and teach demos
- [Suggest Enhancements](#)

3 Features

- Bookmark a search for quick future navigation
- Share collections easier with an embedded email template ready to use on the site
- Favorite assets and collections for a more personalized portal approach and for quicker reference
- ★★★ Rate content to provide feedback to the owner
- Comment to provide feedback directly to content authors.

4 Learn Tech Zone

- [Overview Demo](#)
- [Techzone Resources Webinar Series](#)
- [Notification on Tech Zone Updates](#)
- [Custom Request Video](#)
